Project Details

US Lighting Systems replaced 249 indoor lighting fixtures and 10 exterior fixtures. The Community Blood Center of the Carolinas will save over 20,000 each year, breaking even on the investment of the project in less than

three years. US Lighting Systems installed products that not only improved the look of the center, but created a greener, more energy-efficient lighting system. The upgrade improved the facilities while also reducing costs.

US Lighting Systems upgraded the Community Blood Center of the Carolinas to LED lighting, improving appearance and function.
