

## SUCCESS STORY | WESTBRIAR CONDONIMUIMS

**After**

### Key Facts

- \$34,014 in Annual Savings
- 62% Reduction in Energy Costs
- 408,843 lbs Carbon Dioxide Saved

### Project Details

The Westbriar Condominiums in Vienna, VA, are home to thousands of residents. The community needed an upgrade in the lighting of their extensive parking garages. Westbriar chose US Lighting Systems and now has bright, safe

parking areas. Here is what their president says about the project: "We are now enjoying brighter, more inviting parking areas with a 62% reduction in annual lighting-related energy costs – around \$35,000 a year."

**Westbriar Condominiums was in need of a major lighting upgrade in their extensive parking garages.**
